Subject: Request for Sweeper Service in
College premises

The issue of lack of Sweeper Service in our college premises, the classrooms, Corridors and other areas of our college are not being cleaned regularly, resulting in an unhygienic environment for student and staff. The absence of Sweeper Service is not only affecting the esthetic appeal of the college but also poses health risks due to the accumulation of dust and dirt. So, I request you to consider Sweeper Service to maintain the cleanliness of the college premises.

Yours faithfully
